

## ADLER Clean-Smart B&P

8015000210

**Cleaning solution** for conveyor belts and material lines in industrial painting plants for dried water-based paint residues for **industrial use**

### PRODUCT DESCRIPTION

#### General

Cleansing solution with good dissolving power for dried water-based paint residues, especially in industrial use. Suitable for filling belt washers (has a long service life), recommended for cleaning conveyor belts and flushing material lines (Belts & Pipes). VOC reduction is possible by mixing with water.

#### Application areas

- Cleaning of automatic spraying machines, material-carrying lines in painting plants and conveyor belts when working with water-based paints.
- Cleaning solution for filling belt washers

### PROCESSING

#### Instructions for use

- Please stir the product before use.
- ADLER Clean-Smart B&P can be mixed with water in a ratio of 1:2 before use (depending on requirements and degree of soiling).
- After cleaning sprayers such as cup guns or airless devices, rinse them with water.

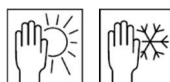

### ORDERING INFORMATION

#### Size of trading unit

20 l

### FURTHER DETAILS

#### Durability/storage

At least 1 year in the original sealed containers.

Make sure the product is protected against moisture, direct sunlight, frost and high temperatures (above 15 °C).
